

MARKING SERVICES, INC.

STAINLESS STEEL EQUIPMENT AND VALVE TAGS

DESCRIPTION

Designed to withstand high temperatures, and corrosive or caustic substances. Providing maximum resistance to the effects of weathering and chemicals.

Stainless steel valve tags are available as 1-1/2" or 2" diameter round or square with one 3/16" hole. These type 316 stainless steel tags are ideal for the highly corrosive environments of process and petrochemical facilities. Tags have blackened text making it easy to read. Due to the chemical reaction during the manufacturing process, the text becomes part of the tag and will not flake off or fade.

Stainless steel valve and equipment tags are also available with optional engraved and paint filled text. These durable tags have text permanently engraved at a depth of .005"-.007" and are made to withstand significant handling and abrasive environments and remain completely legible. The engraved text can be filled with a variety of paint colors providing any contrast level required.

Stainless steel equipment tags are available in the following sizes: 1" x 3", 1-1/2" x 4", 2" x 4", 4" x 6", and other sizes are available upon request. These rectangular tags are available with either square or rounded corners with 3/16" hole(s). Hole location must be specified.

Stainless Steel "S" hooks, #16 jack chain, and 6-ply stainless steel wire meter seals are available to attach hanging valve tags, providing a tough, sturdy and corrosion resistant fastener.

PHYSICAL & CHEMICAL CHARACTERISTICS

- Standard Material:** Type 316 Stainless Steel
- Optional Material:** Available upon request
- Standard Thickness:** 22 Gauge (0.030"/ 0.762mm thick)
- Optional Thickness:** Available upon request
- Service Temperature:** -40°F through 500°F (-40°C through 260°C)
- Standard Colors:** Black Text on Stainless Steel background
- Non-standard Colors:** n/a
- Mounting:** Adhesive backing and/or holes; Ø3/16" (Ø4,8 mm) default diameter
- Finish:** Matte or Brushed finish with rounded corners
- Text height:** Sized to fit within tag boundary or comply with specified height
- Typical Sizes (H x W):**
 - 1 x 3" (25 x 76 mm)
 - 1.5" (38 mm) diameter
 - 1.5" x 1.5" (38 x 38 mm)
 - 2" (51 mm) diameter
 - 2" x 2" (51 x 51 mm)
 - 2 x 4" (51 x 102 mm) 2 x 6" (51 x 152 mm)
 - 4 x 6" (102 x 152 mm)
 - Other (specify: height x width)
