

FLOOR GRAPHICS

Technical Data

Description

MSI custom Floor Graphics are designed for use in manufacturing facilities, offices, in store point of purchase applications, trade show displays, and much more. These custom labels are a laminated construction combining a very durable, printed 3.5 mil white vinyl film with a UL recognized 5 mil clear scuff and slip resistant vinyl over-laminate. These graphics are designed for application to clean, smooth flat surfaces. The base vinyl comes standard with a removable low tack acrylic adhesive allowing for both easy installation and removability when replacement is necessary.

Physical and Chemical Characteristics

Base Material:	3.5 mil Flexible vinyl
Adhesive:	Removable acrylic adhesive
Over-Laminate:	5 mil textured PVC overlamine
Service Temperature:	-40°F to +180°F (-40°C to 82°C)
Application Temperature:	+50°F (10°C)
Water Resistance:	24 hrs – no effect
Detergent Resistance:	24 hrs – no effect

Information on physical and chemical characteristics is based on tests we believe to be reliable. The values are intended only as a source of information and are given without guarantee and do not constitute a warranty. Purchasers should independently determine, prior to use, the suitability of this material for their specific application.
