

WHITE ENAMEL ALUMINUM EQUIPMENT TAGS AND SIGNS

Technical Data

Description

White enamel aluminum makes great looking small tags and signs. Use for equipment plates to show model name and characteristics specific to a piece of equipment. Can be used to show maintenance instructions and operating procedures. Durable indoors and also available with MS-1000 for outdoor use. Available in 1" x 3", 2" x 4", 4" x 6" plates. Equipment tags come with standard 3/16" mounting holes or adhesive. Custom sizes available.

Solid Brass or Stainless Steel "S" hooks or jack chain is used to attach tag to provide a tough, sturdy and corrosion resistant fastener.
