

BRASS JACK CHAIN AND "S" HOOKS

Technical Data

Description

Our #16 Solid Brass Jack Chains are supplied in boxes of 50 feet (15.25 meter) per box. The wire diameter is .0625" (1.6 mm) with approximately 23 links per foot. The maximum working load limit is 8 pounds (3.6 KG).

This chain is ideal for use in non-caustic environments and can be cut to accommodate large valves.

MSI Part Number: 15760

Description

Our Solid Brass "S" Hooks are sturdy and easy-to-close for attaching valve tags. The hooks are solid brass and are 1¼" (31.75 mm) in length. 1¾" (44.4 mm) hooks are also available by special order. Supplied in boxes of 100.

The hooks are ideal for non-caustic environments.

MSI Part Number: 15770

Information on physical and chemical characteristics is based on tests we believe to be reliable. The values are intended only as a source of information and are given without guarantee and do not constitute a warranty. Purchasers should independently determine, prior to use, the suitability of this material for their specific application.
