

COPPER LEAD METER SEALS

Technical Data

Description

Marking Services, Inc. provides lead meter seals with six-ply wound copper wire for affixing tags in harsher plant environments, or when tags and attachment method may be subjected to excessive wear or potential damage. The braided wire is fed through holes in the lead seal and compressed with a tool for permanent attachment of tags.

Sold in packs of 100

Part Number: 15795

Physical and Chemical Characteristics

Lead Seal Diameter:	0.437"
Length of Wire:	10"
Gauge Wire:	#27
Number of Strands:	6

Sealing Press

Tool used for sealing lead meter seals.

Part Number: 15796
