

Coiled Stainless Steel Strapping/Clips

Technical Data

Description

Stainless Steel Strapping (#15729) is used in conjunction with the stainless-steel banding clips (# 15734) to create a strong, heat and corrosion resistant fastening system.

Physical and Chemical Characteristics

Base Material:	Type 316 SS
Thickness:	.013"
Width:	.375"
Length:	200 feet
Service Temperature:	-40°F through 350°F
Water Resistance:	Excellent
Outdoor Durability:	Excellent
UV Resistance:	Excellent
Tensile Strength:	80,000 PSI

Information on physical and chemical characteristics is based on tests we believe to be reliable. The values are intended only as a source of information and are given without guarantee and do not constitute a warranty. Purchasers should independently determine, prior to use, the suitability of this material for their specific application.
